My teacher is Sheikie. I have had the best experience ever spending two days class with her. I learnt day makeup, work makeup and dinner makeup. Not only have I learnt about basic skills in makeup, Sheikie is very generous in sharing her knowledge in cosmetics, the do and don't and also very patient. I strongly recommend her to be your teacher. Thank you to Private Colors Academy.

Thanks to makeup lecturer, Ms Qing for clear guidance and patiently teaching step by step techniques for day and night makeup. Learnt many good techniques from her in a systematic way which is easy to remember and to apply practically.

The lessons were fun, interactive with time for q&a and educational. Useful for enhancing makeup skills even for a beginner like myself who mainly intends to do makeup on myself (for own use for office and dinner events).

Thanks to Zed for prompt replies to my queries and schedule confirmation much in advance of the actual lessons to ensure smooth process.

We would like to extend our gratitude to Private Colors Academy for training our beauty advisors to become professional makeup artists. We collaborated with them to enhance the artistry skills of our beauty advisors in the year 2023. In a span of 4 months, they have built up Sephora's Artistry Team to excel in what they do best which is to allow customers to be comfortable in their own skin and is able to bring out the best in our customers. Thank you to Private Colors Academy for customizing to our needs and creating a module that fits to our every needs.

With this, I would highly recommend those who are interested in training up their employees to enhance their artistry skills to explore with Private Colors Academy.

Private Colors has been appointed as our training provider since 2019 to equip Beauty Experts with basic & intermediate makeup skills. Throughout the training sessions we had with them, the trainers have shown dedication & passion in delivering the best learning outcomes from the trainings. They made sure to customise language to suit attendees, perform demonstrations for practical skills & conduct assessments to ensure attendees' understanding of subject matter. Furthermore, they are consistently well-prepared, from the training venue, material & equipment setup to create a conducive learning environment.

We would like to extend a heartfelt thank you to Casey, the makeup director. His patience, skill, and willingness to share helpful tips and techniques during the 2-day workshop were truly remarkable. Our team learned a lot, and we have seen significant improvement in our skills. Also thank Keith, the Bahasa translator, for ensuring that our beauty consultants understood everything. His efforts in bridging the language gap were truly invaluable, and they helped us stay on the same page throughout the workshop. Lastly, I want to express our gratitude to you, Zed, for your prompt responses and excellent organization.

The Private Colors Makeup Academy workshops were tailored to our needs and delivered a hands-on learning experience. The individual attention we received was fantastic, and it boosted our team's confidence and skills.

Once again, thank you. We are grateful for the knowledge and skills we acquired, and we look forward to working with Private Colors Makeup Academy in the future.
